Dear Ms. Heron,

I want to thank you for your letter and comments regarding the Greater Sudbury Water/Wastewater Master Plan.

The City of Greater Sudbury recognizes the importance of our local waterways and watersheds. I am proud of the work undertaken in Greater Sudbury through the various watershed studies which will help to address issues related to people, property, environment, and of course water quality. The modeling within these studies also considered future climate scenarios including more frequent rain and snow events.

As the Mayor of the City of Greater Sudbury, I applaud the Vermilion River Stewardship Committee on the amazing work that you do to advocate for the continued health of the Vermilion River and its watershed.

Please know that the City of Greater Sudbury will continue to invest in our water/wastewater infrastructure in an effort to increase system performance and efficiency.

Yours Sincerely,

A handwritten signature in blue ink, appearing to read 'Brian Bigger', is written over a light blue horizontal line.

Brian Bigger
Mayor of Greater Sudbury
